

Program to print Ascii values of characters from A to Z

```
class chartoascii
{
    public static void main(String args[])
    {
        char achar;
        for(achar='A';achar<='Z';achar.++)
        {
            System.out.println((byte)achar);
        }
    }
}
```
