

## Arrays of String

```
public class strings
{
    public static void main(String[] args)
    {
        String[] stars={
            "Singh" , "Shrivastava" ,
            "Verma" , "Khan" ,
            "Khanna" , "kaur"
        };

        int lucky_star=(int)(Math.random( )*stars.length);

        System.out.println("Your title for today is : " + stars[lucky_star]);
    }
}
```
