

## Shell Script To Print Given Number In Reverse Order

```
echo enter any number
read n

rev=0
sd=0

while [ $n -gt 0 ]
do
    sd=`expr $n % 10`
    rev=`expr $rev \* 10 + $sd`
    n=`expr $n / 10`
done
echo "reverse number is $rev"
```
